

The corporate governance of INPEX CORPORATION (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Attributes, and Other Key Information

1. Basic Views **Updated**

The Mission of the Company is to contribute to the creation of a brighter future for society through its efforts to develop, produce and deliver energy in a sustainable way. Based on this Mission, in order to achieve sustainable growth and increase corporate value over the medium to long term, the Company fulfills its social responsibilities in cooperation with its shareholders and other stakeholders, and works to enhance its corporate governance for the purpose of conducting transparent, fair, timely, and decisive decision-making.

The Company has established the “Corporate Governance Guidelines” (hereinafter the “Guidelines”) regarding the basic views and policies on corporate governance, which are disclosed on the Company’s website.

<https://www.inpex.co.jp/english/company/pdf/e-guidelines.pdf>

Reasons for Non-compliance With the Principles of the Corporate Governance Code

The Company complies with all the principles of Japan’s Corporate Governance Code.

Disclosure Based on Each Principle of the Corporate Governance Code **Updated**

[Principle 1.4 Cross-Shareholdings]

See Article 7 (Policy Concerning Cross-Shareholdings) of the Guidelines of the Company.

The situation for FY2023 is as follows.

The Company reviewed the appropriateness of holding each individual cross-shareholding by comprehensively reviewing the purpose of the cross-shareholding, dividend income, status of transactions with the company, medium- to long-term opportunities for expanding transactions, business synergies, risks associated with the cross-shareholding, and other factors while considering the Company’s cost of capital. In the course of this, the Company carefully examined the significance of cross-shareholdings and confirmed that it would consider selling shares for which the necessity of holding is deemed to have declined.

[Principle 1.7 Related Party Transactions]

See Article 9 (Related Party Transactions and Submission of Pledges) of the Guidelines of the Company.

[Supplementary Principle 2.4.1 Ensuring Diversity in the Promotion of Core Human Resources, Etc.]

See “3. Status of Measures to Ensure Due Respect for Stakeholders” of this Report.

[Principle 2.6 Roles of Corporate Pension Funds as Asset Owners]

The Company entrusts the management and administration of its trust-type defined-benefit corporate pension funds to investment institutions that have accepted the Stewardship Code.

In order to ensure appropriate management of the Company’s pension funds, the Company has established the Pension Committee that is composed of officers in charge of human resources and finance & accounting as well as representatives from labor unions. The Pension Committee deliberates on the formulation and review of basic investment policy, investment management, and policy asset composition, as well as matters related to pension financing, and discloses the details of its meetings to the beneficiaries.

In addition, a system has been established to ensure that a dedicated internal department properly manages any conflicts of interest in the management of assets on a regular basis. Efforts have also been made to encourage members of the Pension Committee to participate in various training courses to enhance their professional expertise.

[Principle 3.1 Enhancement of Information Disclosure]

i) Company objectives (e.g., Mission), business strategies and business plans

See Article 2 (Mission and Basic Views) and Article 15 (Business Strategies and Business Plans) of the Guidelines of the Company.

[Supplementary Principle 3.1.3 Sustainability-Related Initiatives, Etc.]

<Sustainability-related initiatives>

See "Implementation of Environmental Preservation Activities and CSR Activities, Etc." of this Report.

<Investment in human capital and intellectual property, etc.>

In order to realize the INPEX Group's Mission, we believe that we need an organization and human resources that can further hone our strengths in on-site capabilities, technological capabilities and internationality, and which can respond flexibly even in a rapidly changing business environment. We aim to build an organizational culture that is not bound by preconceived notions, that encourages free and vigorous exchange of opinions, that continually takes on new challenges, and that encourages innovation. We also seek human resources who can create value in business fields based on an acceptance of diversity, willingness to grow, and the capability to act autonomously. To achieve this, we are working on various key measures based on the Basic Policy on INPEX Human Resources Strategy.

[Basic Policy of INPEX Human Resources Strategy]

To become the "Employer of Choice," the most rewarding company to work for, by creating an organization, workplace and culture that encourage employees to take on challenges and act autonomously

Foster a corporate culture that encourages innovation by endorsing ideas and changes that are not bound by precedent

Build a culture that encourages individual performance and collaboration to achieve goals with a "Safety Number One" mindset

To assign the right people to the right positions and conduct appropriate evaluations and compensation in order to enable diverse human resources to play an active role

Develop and deploy leaders at a global level to adapt to business speed and create value by integrating human resources with diverse backgrounds

Enhance motivation through highly transparent evaluations and competitive compensation based on such evaluations

To secure and develop human resources capable of continuously creating value in a changing business environment and improve their engagement

Establish recruitment branding to build understanding and empathy for the Company's businesses

Provide practical growth opportunities to increase on-site and technological capabilities

<Investment in intellectual property>

The Company is working on the energy transition to a net-zero carbon society to mitigate global climate change while maintaining a balance between economic rationality and energy supply and demand.

In order to contribute to the energy transition and fulfill our responsibilities as a major energy supplier, we have developed the "INPEX Technical Strategies," which outline the technologies that will serve as the foundation of our business, the nature and direction of technologies that will spearhead new business development, and the goals we plan to achieve going forward, based on our long-term strategy, INPEX Vision @2022.

The details of the INPEX Technical Strategies are disclosed on the Company's website.

[Supplementary Principle 4.11.3: Analysis and Evaluation of the Effectiveness of the Board of Directors as a Whole]

With the aims of regularly verifying that the Board of Directors is functioning appropriately and identifying issues to resolve for continuing improvement, the Company undertakes an evaluation of the effectiveness of the Board of Directors each year, and discloses the summary of the evaluation results. Based on this policy, the ninth evaluation was conducted in FY2023. The evaluation method and summary of the results are as follows.

[Evaluation method]

An interim review of the status of initiatives to address action plans identified in the previous effectiveness evaluation was undertaken at the meeting with Outside Directors and Audit & Supervisory Board Members, and the implementation method of effectiveness evaluation for FY2023 was also discussed, including the involvement of a third-party evaluation organization.

As a result, it was decided to appoint a major outside law firm to review the content and composition of the questionnaire, the methods of consolidation and analysis by the Board of Directors secretariat and the appropriateness of the proposed improvements.

Subsequently, FY2023's implementation policy and evaluation items were deliberated at the meeting of the Board of Directors meeting held in November 2023, including the content and composition of the questionnaire prepared by the Board of Directors secretariat based on review by the third-party evaluation organization.

Based on the content of this deliberation, a completely anonymous questionnaire survey (on the Web) of all Directors and Audit & Supervisory Board Members was performed with the evaluation items as follows. After the secretariat conducted consolidation and analysis of results of respondents to the survey, and received review and indications by a third-party evaluation organization on the methods of the consolidation and analysis, and the appropriation of the proposed action plans, results of the consolidation and analysis, and future challenges and initiatives were discussed at the meeting among Outside Directors and Audit & Supervisory Board Members, and Representative Directors in January 2024, and the evaluation results were confirmed at the Board of Directors meeting in February.

[Evaluation items]

The survey items for FY2023 are as follows. Each question was rated to one of four levels, with many questions having a free-response field in order to capture specific opinions.

Chapter 1: Self-evaluation

Chapter 2: Composition of the Board of Directors

Chapter 3: Operation of the Board of Directors

Chapter 4: Support System for the Board of Directors

Chapter 5: Roles and Responsibilities of the Board of Directors

Chapter 6: The Nomination and Compensation Advisory Committee

Chapter 7: Actions on the Previously Prepared Action Plan

Chapter 8: Comments

[FY2023 initiatives based on the results of the previous year's effectiveness evaluation]

The following is the status of FY2023 initiatives that were prepared based on the results of the Board of Directors' FY2022 effectiveness evaluation.

[Translation]

1. Enhance discussions regarding strategies
 - Regularly reported on the progress of INPEX Vision @2022 to the Board of Directors
 - For matters that would have a particularly large impact on achieving the plan, set up individual deliberation items and held multiple discussions
2. Further stimulate discussion at Board of Directors meetings
 - Provided a fuller introduction to the issues discussed at Executive Committee meetings and earlier in the Company
 - In the process of reaching a resolution on new matters, clarified the background circumstances of the matters and held multiple deliberations as needed
 - Held lectures by outside experts and exchanges of opinions with the Board of Directors on timely topics such as the situation in the Middle East. Secured opportunities for exchange such as social gatherings for officers and organized tours of major operation sites in Japan and overseas for Outside Directors and Outside Audit & Supervisory Board Members.
 - Continued to provide materials and briefings in advance and implemented new initiatives such as the presentation of matters for intensive deliberation for ensuring that the meeting was conducted in a smooth and effective manner even within the limited time available
3. Deeper discussions regarding the desired state of the Board of Directors
 - More in-depth discussions were held by the Nomination and Compensation Advisory Committee on further expanding the diversity of Board of Directors members and the appropriate size and composition of the Board of Directors, and the content of these discussions were provided as feedback to the Board of Directors
4. Ongoing reinforcement of portfolio management
 - Discussed the concept of fund allocation and other topics based on the status of each business in the 5 net zero fields.
 - Organized information on NPV (net present value) and risks by core area and reported to the Board of Directors on an ongoing basis.

[Summary of FY2023 evaluation results]

As a result of meetings between Outside Directors and Audit & Supervisory Board Members, as well as deliberations at the Executive Committee and Board of Directors meetings, the following evaluation results were confirmed regarding the effectiveness of the Board of Directors in FY2023.

- Regarding the composition of the Board of Directors, the knowledge and experience of its members are sufficiently diverse. Although generally there is no problem with the size of the Board of Directors and the ratio of Outside Directors under the current circumstances, going forward, discussions regarding the desired state of the Board of Directors, including ensuring further diversity, should be deepened.
- Initiatives to stimulate discussion at Board of Directors meetings, such as holding pre-meeting briefings, sharing discussions at Executive Committee meetings, etc., and explaining and annotating technical terms, are all effective and should be continued.
- The holding of lectures by outside experts, tours of operation sites in Japan and overseas, and other measures adequately ensured that non-Executive Officers were provided with opportunities to improve their knowledge and understanding, and these efforts should be continued.
- The Nomination and Compensation Advisory Committee has played a necessary role in deliberations in the fields of both nomination and compensation, etc. Going forward, the independence of the Nomination and Compensation Advisory Committee should be further enhanced, and the efforts to strengthen cooperation with the Board of Directors should also be continued and deepened.

As a result of the summary of the individual evaluation results including the above, the Board of Directors as a whole was evaluated as being sufficiently effective overall in FY2023 as in the previous fiscal year.

[Initiatives for further improvement of effectiveness]

The following action plans have been established to further ensure the effectiveness of the Board of Directors going forward.

1. Enhance discussions regarding strategies
 - Set up several deliberation items for preparing the next medium-term business plan to ensure sufficient opportunity and time for discussion.
2. Stimulate discussion at Board of Directors meetings

[Translation]

- Further clarify the process of submitting proposals to the Board of Directors by introducing issues and points raised at the Executive Committee meetings and in preliminary discussions, and by providing thorough explanations and annotations on technical terms in materials and pre-meeting briefings, etc.
 - Provide opportunities for appropriate interaction and exchange of opinions, including with non-members of the Board of Directors. Also, site tours will be conducted in Japan and overseas as necessary.
 - Study and implement methods such as lectures by outside experts to further enhance the knowledge of Board of Directors members on corporate management, sustainability, trends in environmental policies and regulations in major operating countries, technology trends, and more.
 - Further enhance the quality of deliberations on important items by continuing to conduct smooth and effective management through the presentation of matters for intensive deliberations, etc.
3. Enhancement of the function of the Nomination and Compensation Advisory Committee
- Hold deeper discussions on a succession plan for Representative Director, President & CEO at future meetings of the Nomination and Compensation Advisory Committee, and report the results of these discussions to the Board of Directors.
 - In order to strengthen the independence of the Committee, consider the possibility of appointing an Outside Director as the Chairperson of the Nomination and Compensation Advisory Committee.
 - Further enhance reporting of the deliberations of the Nomination and Compensation Advisory Committee to the Board of Directors by the Committee Chairperson and others.
4. Deeper discussions regarding the desired state of the Board of Directors
- Continue to hold more in-depth discussions at the Nomination and Compensation Advisory Committee regarding the appropriate size and composition of the Board of Directors and wider diversity of Board of Directors members (e.g., including increasing the number of female members, and participation by those with management experience in different industries and non-Japanese members).

The third-party evaluation organization has concluded that the Board of Directors secretariat has appropriately consolidated and analyzed the results of the evaluation, and that the action plans presented above, drawn from these results and analysis, have been suitably established.

Based on these evaluation results, the Company will continue striving to improve the effectiveness of the Board of Directors.

[Supplementary Principle 4.14.2 Training Policy for Directors and Audit & Supervisory Board Members]
See Article 33 (Training Policy) of the Guidelines of the Company.

[Principle 5.1 Policy for Constructive Dialogue With Shareholders]
See Article 34 (Constructive Dialogue with Shareholders) and Exhibit 3 (Policy concerning the Development of a System and Initiatives for Promoting Constructive Dialogue with Shareholders) of the Guidelines of the Company.

[Measures to Achieve Management Conscious of Cost of Capital and Stock Price]
The Company will work to continuously increase corporate value by improving capital efficiency and gaining the market's confidence in its future business growth. For the status of specific measures, see pages 7 to 12 of the "Financial Results for the six months ended June 30, 2024" presentation materials published in the IR section of the Company's website.

[Implementation of Dialogue With Shareholders, Etc.]
The Company is committed to enhancing dialogue with shareholders and investors in order to contribute to sustainable growth and the improvement of corporate value over the medium to long term. Opinions obtained through such dialogue are relayed to senior management and the Board of Directors on a regular basis.
The details of dialogue with shareholders and investors are disclosed in the "Information Disclosure and Activities for Shareholders and Investors" section of the Company's Integrated Report.

4. Policy on Measures to Protect Minority Shareholders in Conducting Transactions With Controlling Shareholder

5. Other Special Circumstances Which May Have a Material Impact on Corporate Governance

The Company's Articles of Incorporation stipulate that decisions on certain important management-related matters require the resolution of a general meeting of Class A stock shareholders (hereinafter "Class A stock shareholders' meeting"), in addition to the resolution of a general meeting of shareholders or that of the Board of Directors. Class A stock has been issued to the Minister of Economy, Trade and Industry. Class A stock shareholders do not have voting rights at general meetings of shareholders of the Company (unless otherwise provided by laws and regulations).

The certain important management-related matters refer to the "election and dismissal of Directors," "complete or partial disposal, etc., of important assets," "amendment of the Articles of Incorporation," "integration," "reduction of amount of capital," and "dissolution." Of these matters, the "election and dismissal of Directors" and "integration" require the resolution of a Class A stock shareholders' meeting in the event that at least 20% of the total voting rights of shareholders of common shares of the Company are held by a single shareholder other than a public entity, or by such a single shareholder and its joint shareholders.

With respect to the exercise of veto rights by means of Class A stock (resolution of disapproval at a Class A stock shareholders' meeting), the Minister of Economy, Trade and Industry has set forth the guidelines for the exercise of voting rights for Class A stock in Ministry of Economy, Trade and Industry Notice (No. 74, April 3, 2006). Under these guidelines, the Minister of Economy, Trade and Industry is entitled to exercise veto rights for each of the above important matters "when it is deemed highly probable that the management of the Company will be conducted in a manner that is inconsistent with the role it should play as a core company in providing a stable supply of energy to Japan in an efficient manner," "when it is deemed highly probable that there will be an adverse impact on the role the Company should play as a core company in providing a stable supply of energy to Japan in an efficient manner," or "when there is a possibility that the exercise of voting rights for Class A stock will be affected." This public notice has undergone several amendments, and its latest iteration has been promulgated in the form of Ministry of Economy, Trade and Industry Notice (No. 54, March 24, 2022).

We believe that the holding of Class A stock with the aforementioned function by the Minister of Economy, Trade and Industry is effective in preventing speculative acquisitions or management control by foreign capital that may lead to management that is inconsistent with or result in an adverse impact on the role the Company should play as a core company in providing a stable supply of energy to Japan in an efficient manner. Furthermore, positive effects may be expected in terms of external negotiations and credibility as a national flagship company that is efficiently contributing to the stable supply of energy in Japan. These are the reasons for issuing Class A stock. The Board of Directors of the Company does not have any power over the exercise of veto rights through the exercise of voting rights for Class A stock by Class A stock shareholders. Therefore, Class A stock is not intended for the purpose of maintaining the position of officers of the Company. In addition, the Company believes that the limited scope of the veto rights for Class A stock and the establishment of the guidelines regarding the exercise of these veto rights have been designed to be highly transparent so as not to unduly impede the efficiency and flexibility of the Company's management and to minimize the impact thereof.

For more details on Class A stock, see "1. Information on the Company's Stock, etc." in "IV. Information on the Company" of the Annual Securities Report dated March 27, 2024.

Supplementary Explanation

[Translation]

The Nomination and Compensation Advisory Committee was established in January 2017 as an advisory body to the Board of Directors with the aim of strengthening the independence, objectivity and accountability of the Board of Directors' functions relating to the nomination and compensation of Directors. The Committee deliberates on the nomination and compensation of Directors, etc. and reports its findings to the Board of Directors. At the extraordinary meeting of the Board of Directors held on March 26, 2024, one inside Director and three Independent Outside Directors were reappointed as members of the Committee and assumed their positions on the same date. In addition, an Independent Outside Director has been appointed as the chairperson of the Committee. The member composition of the Committee is as described in "2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Compensation Decisions (Overview of Current Corporate Governance System)" of this Report.

Other Matters Related to Independent Officers

The Company shall, based on the independence criteria set forth by the Tokyo Stock Exchange, determine that an Outside Director or an Outside Audit & Supervisory Board Member is independent from the Company if he or she falls under none of the following items.

1. A major shareholder of the Company (who directly or indirectly holds 10% or more of the Company's voting rights) or an executive thereof
2. A person whose major business partner is the Company (*1) or an executive thereof
3. A major business partner of the Company (*2) or an executive thereof
4. A legal professional, accountant, or consultant who has received money or other properties of more than ¥10 million per year on average over the past three years from the Company or its subsidiaries, excluding compensation for Directors or Audit & Supervisory Board Members (if the person receiving such properties is an organization such as a legal entity or a partnership, a person who belongs to such organization)
5. An accounting auditor of the Company or its subsidiaries (if such accounting auditor is an accounting firm, a person who belongs to such accounting firm)
6. A person who has received donations or subsidies of more than ¥10 million per year on average over the past three years from the Company or its subsidiaries (however, if the person receiving the donations or subsidies is an organization such as a legal entity or a partnership, a director or other officer managing the business of the organization to which the amount of such donations or subsidies exceeds the greater of ¥10 million per year or 30% of the total expenses per year of such organization, on average over the past three years)
7. A person who fell under any of items 1 through 6 above in the most recent three years
8. A relative within the second degree of kinship of a person who falls under any of (1) through (4) below (excluding persons who are not material (*3))
 - (1) A person who falls under any of items 1 through 7 above
 - (2) An executive of a subsidiary of the Company
 - (3) A non-executive Director or an accounting advisor of a subsidiary of the Company (limited to cases where said Outside Audit & Supervisory Board Member is to be designated as an Independent Audit & Supervisory Board Member of the Company)
 - (4) A person who fell under (2) or (3) above or an executive of the Company in the most recent three years (including a non-executive Director, if said Outside Audit & Supervisory Board Member is to be designated as an Independent Audit & Supervisory Board Member of the Company)
9. Other than each of the preceding items, a person who is substantially judged by the Company to possibly cause a conflict of interest with ordinary shareholders of the Company

*1 "A person whose major business partner is the Company" refers to a business partner whose business relationship with the Company may have an influence on decision-making of business, etc. of said business partner to the same extent as said business partner's parent company, subsidiary or affiliate. Specifically, this could be a so-called subcontractor whose consolidated net sales, etc., from transactions with the Company account for a considerable part of said subcontractor's consolidated net sales, etc., during the most recent fiscal year.

*2 A "major business partner of the Company" refers to a business partner whose business relationship with the Company may have an influence on decision-making of business, etc. of the Company to the same extent as the Company's parent company, subsidiary or affiliate. Specifically, this could be a counterparty in transactions from which the consolidated revenues account for a considerable part of the Company's consolidated revenues during the most recent fiscal year, or a supplier who provides merchandise and services which are essential to the business activities of the Company.

*3 Specifically, a "material" person is assumed to be an officer, general manager or equivalent of each company/business partner in the case of the persons referred to in items 1 through 3, and a certified public accountant who belongs to each accounting firm or a lawyer who belongs to each law firm (including so-called associates) in the case of the persons who belong to organizations referred to in items 4 and 5.

The Company has reported all of its Outside Directors and Outside Audit & Supervisory Board Members as Independent Outside Directors and Independent Outside Audit & Supervisory Board Members to Tokyo Stock Exchange, Inc. In view of the background described below, the Company has established a set of immateriality criteria for transaction amounts concerning the attributes of Independent Directors/Audit & Supervisory Board Members on the basis of which the Company deems transactions unlikely to influence the decisions of shareholders regarding the exercise of voting rights.

(Background)

Most of the oil and natural gas produced by the Company in Japan and overseas is sold wholesale to oil refining companies, electric power companies, and city gas companies, which naturally limits the number of available customers.

In addition, the Company's customers have been declining in number as a result of corporate consolidation due to industry restructuring, etc., and the ratio of transactions with a single customer tends to be relatively high. Another unique trait is that oil and natural gas prices are shaped within the international market and cannot be set arbitrarily by the Company or by any specific company.

[Translation]

Therefore, the Company believes that the fact that a Director or an Audit & Supervisory Board Member of the Company may be from a certain business partner of the Company does not imply that it is possible to engage in transactions that are particularly favorable to that party, and that the independence of the Director or Audit & Supervisory Board Member will not be impaired based on that fact alone.

Moreover, in light of the unique traits outlined above, the Company has obtained written pledges from all Directors, including Outside Directors, to affirm that they recognize the importance of carrying out their duties as Directors of the Company appropriately and engaging in management with the highest regard for matters such as their duty under the Companies Act to refrain from competition with the Company, appropriate handling of transactions involving conflicts of interest, and information leakage prevention.

(Immateriality criteria for transactions)

- Both (i) the ratio of the amount of the Company's transactions with the company in which an Outside Director or Outside Audit & Supervisory Board Member holds significant concurrent positions to the Company's consolidated revenues and consolidated cost of sales during the most recent fiscal year, as well as (ii) the ratio of the amount of such company's transactions with the Company to such company's consolidated net sales, etc., and consolidated cost of sales, etc., during the most recent fiscal year, as reasonably estimated from disclosure materials, etc., must be less than 15%.

Incentives

Implementation Status of Measures Related to Incentives Granted to Directors	Other
--	-------

Supplementary Explanation for Applicable Items

As described in "Disclosure of Policy on Determining Compensation Amounts and Calculation Methods" below, compensation for Directors (excluding Outside Directors) consists of basic compensation based on the duties of each position, bonuses as short-term incentives, and stock-based compensation as medium- to long-term incentives.

Bonuses, as short-term incentives, are calculated based on the Company's key financial indicators, including net income attributable to owners of parent (hereinafter "net income") and cash flows from operating activities before exploration, as well as non-financial indicators such as safety indicators (zero major accidents). The final compensation amount will vary within the range of 0% to 200%.

Stock-based compensation, as medium- to long-term incentives paid to Directors (excluding Outside Directors and non-residents of Japan) and Executive Officers (excluding non-residents of Japan) of the Company (hereinafter collectively "Directors, etc."), is paid in the form of a trust-type stock-based compensation system that combines performance-linked elements aimed at motivating Directors, etc., to contribute to improving the Company's medium- to long-term business performance and its corporate value, and fixed elements aimed at strengthening the sense of shared interest between Directors, etc., and shareholders through ownership of the Company's shares. The performance-linked portion will be calculated based on key financial indicators in the medium-term business plan such as net income, cash flows from operating activities before exploration, ROE, and total payout ratio, as well as key non-financial indicators such as production cost per BOE and net carbon intensity. The final compensation amount will vary within the range of 0% to 200%. For stock-based compensation, in the event of gross misconduct or violation by Directors, etc., the Company may cancel or forfeit their right to receive the Company's shares, etc., under the plan (malus) and demand the return of cash equivalent to the Company's shares, etc., already delivered to them (clawback).

There are no significant employee salaries paid to Directors or Audit & Supervisory Board Members who also serve as employees.

Policy on Determining Compensation Amounts and Calculation Methods	Established
--	-------------

Disclosure of Policy on Determining Compensation Amounts and Calculation Methods

The compensation for Directors (excluding Outside Directors) consists of basic compensation in accordance with the duties of each position, bonuses as short-term incentives, and stock-based compensation as medium- to long-term incentives, while the compensation for Outside Directors consists only of basic compensation from the viewpoint of the independence of their duties. The Nomination and Compensation Advisory Committee shall deliberate on key matters based on the policy for determining the amount and calculation method of compensation, etc., for Directors as well as the details of compensation, etc., for each individual, before submitting a report to the Board of Directors. The Board of Directors shall determine compensation for Directors based on the content of the Committee's report within the framework of the content and amount of compensation approved at the General Meeting of Shareholders. The amount of each type of compensation to be paid to each individual shall be determined by the Representative Director, President & CEO, who has been entrusted with this responsibility by resolution of the Board of Directors, based on the deliberations of the Nomination and Compensation Advisory Committee, the majority of whose members are Outside Directors and Outside Audit & Supervisory Board Members, including Independent Outside Directors. In addition, the Nomination and Compensation Advisory Committee shall carefully deliberate on the appropriateness of the target values and calculation method

[Translation]

for each type of compensation in light of the external environment and social and economic circumstances surrounding the Company. Adjustments may be made, as necessary, to the amount of compensation for each Director by resolution of the Board of Directors based on the Committee's report.

The Nomination and Compensation Advisory Committee shall review the appropriateness of the level of compensation for Directors after conducting a study and analysis of the level of compensation for each position in a peer group of companies of the same size and in similar industries through an external compensation research organization.

The ratio of basic compensation, bonuses, and stock-based compensation for inside Directors shall, in principle, be structured such that the weighting of performance-linked compensation (bonuses and stock-based compensation) will be higher for higher executive positions.

Support System for Outside Directors and Outside Audit & Supervisory Board Members

In order to support the management supervisory function of Outside Directors, the Company provides them with materials for Board of Directors meetings at least three days prior to the meeting, in principle, and conducts briefings on important agenda items before the meeting.

The Company has also assigned four dedicated assistants to the Audit & Supervisory Board Members' Office, an organization aimed at supporting the duties of Audit & Supervisory Board Members, including Outside Audit & Supervisory Board Members. These assistants carry out their duties under the direction of Audit & Supervisory Board Members.

Furthermore, the Company holds regular meetings with Outside Directors, Outside Audit & Supervisory Board Members, and Representative Directors several times a year to provide opportunities for exchanging opinions on a wide range of important management-related themes.

[Executive Committee]

From the viewpoint of expediting decision-making with respect to business execution decisions, the Company has established the Executive Committee to facilitate agile decision-making for matters that are not required to be resolved by the Board of Directors and to hold discussions that can contribute to decision-making by the Board of Directors. Executive Committee meetings are held once a week and as necessary.

The Company's Executive Committee is composed of full-time Directors, Executive Officers who are Senior Vice Presidents of various divisions, and other Executive Officers who are deemed necessary by the chairman and appointed by resolution of the Executive Committee. As of the date of submission of this Report, there are 15 members in the Committee. From the viewpoint of ensuring the efficiency of proceedings, the Executive Committee is chaired by the Representative Director, President & CEO, who is most familiar with the Company's business operations.

[Executive Officer System]

In order to respond accurately and quickly to a rapidly changing business environment and the expansion of the Company's business activities, the Company has introduced an Executive Officer system to clarify the business execution structure through the delegation of authority and establish a more agile and efficient management structure. The term of office of Executive Officers shall be one year in order to further clarify their executive responsibilities for each fiscal year.

[Audit & Supervisory Board Members and Audit & Supervisory Board]
(Organization and members)

The Company has adopted an audit & supervisory board member system, and its Audit & Supervisory Board is composed of five Audit & Supervisory Board Members, four of whom are Outside Audit & Supervisory Board Members.

These Audit & Supervisory Board Members possess abundant experience and knowledge in the Company's business as well as in finance, accounting, legal affairs, and other fields, which they leverage in the course of audit operations. The Company has also established the Audit & Supervisory Board Members' Office as an organization independent of departments involved in business execution to support Audit & Supervisory Board Members in the execution of their duties, and has assigned four dedicated employees who possess the necessary and appropriate knowledge and abilities to the Office.

(Activities of Audit & Supervisory Board Members and the Audit & Supervisory Board)

a) The number of Audit & Supervisory Board meetings held in FY2023 and attendance of each Audit & Supervisory Board Member

A total of 17 Audit & Supervisory Board meetings were held in FY2023, and every Audit & Supervisory Board Member attended all Audit & Supervisory Board meetings as follows.

Name	Title	Attendance Rate at Board of Directors Meetings During the Current Fiscal Year	Attendance Rate at Audit & Supervisory Board Meetings During the Current Fiscal Year
Akio Kawamura	Full-time Audit & Supervisory Board Member	100% (12/12 times)	100% (13/13 times)
Toshiya Tone	Full-time Audit & Supervisory Board Member (Outside)	100% (12/12 times)	100% (13/13 times)
Kenichi Aso	Full-time Audit & Supervisory Board Member (Outside)	100% (12/12 times)	100% (13/13 times)
Mitsuru Akiyoshi	Audit & Supervisory Board Member (Outside)	100% (16/16 times)	100% (17/17 times)
Hiroko Kiba	Audit & Supervisory Board Member (Outside)	100% (16/16 times)	100% (17/17 times)

Note: Audit & Supervisory Board Members Akio Kawamura, Toshiya Tone and Kenichi Aso were elected (newly appointed) at the 17th Ordinary General Meeting of Shareholders held on March 28, 2023, and Audit & Supervisory Board Members Mitsuru Akiyoshi and Hiroko Kiba were elected (reappointed) at the same Ordinary General Meeting of Shareholders.

b) Activities of the Audit & Supervisory Board

In principle, Audit & Supervisory Board meetings are held monthly on the same day as Board of Directors meetings and also as necessary. The Audit & Supervisory Board resolves statutory matters including audit plans, receives reports from the internal audit department and the accounting auditor on the status of execution of their duties, and requests clarifications if necessary. Furthermore, Audit & Supervisory Board Members share information on issues identified through audit activities and hold discussions as necessary.

c) Activities of Audit & Supervisory Board Members

Each Audit & Supervisory Board Member, in compliance with the auditing standards for Audit & Supervisory Board Members stipulated by the Audit & Supervisory Board and in accordance with audit plans, communicates with Directors, the internal audit department, and other employees, etc., makes an effort to gather information and improve the auditing environment, attends Board of Directors meetings and other important meetings, and where necessary, seeks clarifications and provides their opinions on agenda items.

[Translation]

At the same time, they hold regular meetings with Representative Directors for the purpose of exchanging opinions and monitoring the progress of management policies as well as the establishment and operation of internal control systems, and conduct regular hearings on the status of business execution with respect to the duties of each Director.

Additionally, full-time Audit & Supervisory Board Members attend Executive Committee meetings that are held once a week and as necessary as well as Compliance Committee meetings that are held as necessary, gather information by reviewing internal approval documents, and if necessary, conduct hearings with the respective departments in charge and receive reports from them.

Furthermore, reports from the Director in charge of compliance regarding the content and handling of internal whistle-blowing incidents are promptly submitted to full-time Audit & Supervisory Board Members.

[Internal Audits]

The Audit Unit (with 14 dedicated staff members as of the date of submission of this Report) has been established as an internal audit department independent of departments involved in business execution, and it reports directly to the President. The Audit Unit reviews the establishment and operational status of internal controls across all management activities of the Company and the Group companies through internal audits, and identifies areas for improvement. These areas for improvement are followed up on until the issues are fully rectified, with the details of important matters shared with various departments in the Company, thereby contributing to the maintenance and improvement of the effectiveness of internal controls.

In formulating annual audit plans, the Audit Unit exchanges opinions and information with Audit & Supervisory Board Members and reports to the Board of Directors after obtaining the President's approval. Additionally, audit results are reported to the President, the Board of Directors, the Audit & Supervisory Board, and full-time Audit & Supervisory Board Members, and are also shared with the accounting auditor.

To ensure the expertise of those involved in internal audits, the Audit Unit encourages the acquisition of qualifications related to internal audits and active participation in external training courses, and it has several Certified Internal Auditors (CIAs). A "skill map" outlining the abilities and experience required to conduct internal audits is created and updated for each member, and it is used to develop education and training plans and to assign tasks according to the experience and expertise of each individual. Furthermore, in order to continuously improve the quality of internal audits, an external quality assessment is required to be conducted by an independent external assessor at least once every five years.

[Accounting Audits]

The Company has appointed Ernst & Young ShinNihon LLC to conduct accounting audits pursuant to the Companies Act and the Financial Instruments and Exchange Act. The names of the certified public accountants who conducted the accounting audit and the composition of assistants for audit operations in FY2023 are as follows.

- Continuous audit period
48 years
- Names of certified public accountants who conducted the accounting audit
Kazuhiko Yamazaki, Satoshi Takahashi, Mikio Shimizu, Kentaro Moronuki
- Composition of assistants for accounting audit operations
61 certified public accountants, 7 persons who have passed the accountant examination, etc., and 35 others

(Compensation paid to certified public accountants, etc.)

The details of compensation paid to certified public accountants, etc., for the 18th fiscal year are as follows.

Compensation for auditing services: INPEX: ¥411 million; Subsidiaries: ¥95 million

Compensation for non-auditing services: INPEX: -; Subsidiaries: ¥8 million

(Other important compensation)

The Company's overseas subsidiaries such as INPEX Ichthys Pty Ltd pay compensation to Ernst & Young for local statutory audits.

(Non-auditing services provided to the Company by certified public accountants, etc.)

Not applicable.

(Policy for determining compensation for audits)

Compensation for audits is determined after obtaining approval from the Audit & Supervisory Board, based on the comprehensive consideration of factors such as the audit plan and the number of days of auditing work.

[Initiatives for Strengthening the Functions of Audit & Supervisory Board Members]

(Audit & Supervisory Board Members' Office)

In order to enhance the effectiveness of audits by Audit & Supervisory Board Members, the Company has established the Audit & Supervisory Board Members' Office as an organization independent of departments involved in business execution to support Audit & Supervisory Board Members in their duties, and has assigned four dedicated employees to the Office.

(Coordination with the accounting auditor)

Audit & Supervisory Board Members hold regular and ad hoc meetings with the accounting auditor to receive reports on accounting audits, reports on the results of quarterly reviews of quarterly financial results, and reports on internal control audits related to financial reporting. Audit & Supervisory Board Members also hold about ten meetings per year on select themes,

[Translation]

exchange opinions on important audit-related matters, and gather information on a wide range of matters concerning the current state of the Company.

(Coordination with the internal audit department)

Audit & Supervisory Board Members exchange opinions with the internal audit department (Audit Unit) in formulating annual audit plans and receive reports on internal audits conducted by the Audit Unit on a quarterly basis. In addition, full-time Audit & Supervisory Board Members maintain close contact with the Audit Unit through such means as holding about ten regular meetings per year to receive reports as necessary on internal audits conducted by the Audit Unit, the status of assessments of internal controls over financial reporting, etc.

(Attendance at important meetings)

Audit & Supervisory Board Members attend Board of Directors meetings, Executive Committee meetings, and other important meetings, and where necessary, seek clarifications and provide their opinions on agenda items.

(Regular meetings with Representative Directors)

Audit & Supervisory Board Members hold meetings with Representative Directors twice a year for the purpose of exchanging opinions and monitoring the progress of management policies as well as the establishment and operation of internal control systems.

(Meetings with Directors)

Audit & Supervisory Board Members hold regular meetings with Directors for the purpose of conducting hearings on the status of business execution with respect to the duties of Directors in charge of each business division.

(Coordination with Outside Directors)

Audit & Supervisory Board Members hold regular meetings with Outside Directors to exchange a wide range of opinions on the current state of the Company, thereby ensuring appropriate coordination.

(Liaison meetings among full-time Audit & Supervisory Board Members)

In order to share information among full-time Audit & Supervisory Board Members and enhance the effectiveness of audits conducted by each Audit & Supervisory Board Member, liaison meetings are held regularly to exchange opinions among Audit & Supervisory Board Members while conducting hearings with departments involved in business execution.

[Committees]

The Nomination and Compensation Advisory Committee and the INPEX Advisory Committee have been established as advisory bodies to the Board of Directors, and the Compliance Committee, Sustainability Committee, Corporate HSE Committee, Information Security Committee, and INPEX Value Assurance System (IVAS) Committee have been established as committees related to business execution. The overview of each committee is as follows.

(Nomination and Compensation Advisory Committee)

The Nomination and Compensation Advisory Committee was established in January 2017 as an advisory body to the Board of Directors with the aim of strengthening the independence, objectivity and accountability of the Board of Directors' functions relating to the nomination and compensation of Directors. The Committee deliberates on the nomination and compensation of Directors, etc. and reports its findings to the Board of Directors. The Committee met six times during FY2023. In addition, at the extraordinary meeting of the Board of Directors held on March 26, 2024, one inside Director and three Independent Outside Directors were reappointed as members of the Committee and assumed their positions on the same date.

3. Reasons for Adoption of Current Corporate Governance System

To ensure efficient corporate management and highly effective supervision based on its Mission, the Company has adopted the structure of a company with Audit & Supervisory Board Members, whereby Audit & Supervisory Board Members audit the business execution of Directors who are well versed in their respective duties. In addition, in order to respond accurately and quickly to a rapidly changing business environment and the expansion of the Company's business activities, the Company has introduced an Executive Officer system aimed at further strengthening its business execution structure with the goal of further enhancing the agility and efficiency of its management structure.

The Company frequently engages in important negotiations with national governments and international energy companies. This necessarily requires Directors and Executive Officers within the Company who have knowledge and expertise related to the Company's business, international experience, and familiarity with their duties. By having inside Directors serve concurrently as Executive Officers in principle, the Company ensures an organizational structure that allows the Board of Directors to make optimal decisions related to business execution based on a better understanding of the current management and business environment, while simultaneously ensuring the effective supervision of management. In addition, from the viewpoint of enhancing management transparency and strengthening the effectiveness of the Board of Directors' supervisory function, the Company has appointed five Independent Outside Directors out of the ten members of the Board of Directors to, from an independent standpoint, provide advice based on their own knowledge, supervise management, oversee transactions involving conflicts of interest, and appropriately reflect the views of stakeholders to the Board of Directors, so as to leverage objective perspectives that differ from those of insiders for the purpose of management.

These Independent Outside Directors have been appointed from external personnel with abundant experience and extensive insight as corporate managers, academics, or other experts in the resources and energy industry, finance, legal affairs, and other fields.

Furthermore, four of the Company's five Audit & Supervisory Board Members are Independent Outside Audit & Supervisory Board Members. In order to ensure the independence of Audit & Supervisory Board Members and the effectiveness of audits, thereby strengthening the function of audits, the Company has established the Audit & Supervisory Board in accordance with laws and regulations, assigned several dedicated assistants to the Audit & Supervisory Board Members' Office as an organization to support Audit & Supervisory Board Members in their duties, and engaged in initiatives aimed at strengthening coordination with the internal audit department (Audit Unit) and the accounting auditor.

3. Status of Measures to Ensure Due Respect for Stakeholders Updated

	Supplementary Explanation
<p>Provisions to Ensure Due Respect for Stakeholders in Internal Rules, Etc.</p>	<p>The INPEX Group has formulated the Sustainability Principles as guidelines for fulfilling its corporate social responsibilities and remaining a company trusted by society, as well as the Business Principles as principles that must be observed by all INPEX officers and employees in the performance of their duties in the INPEX Group, in addition to the relevant laws, regulations, and internal rules. These Principles stipulate respect for the position of stakeholders.</p> <p>The INPEX Group has also established the Code of Conduct as rules for implementing compliance so that officers and employees of the INPEX Group can put into practice the Business Principles to be observed in the performance of their duties based on the Mission and Sustainability Principles. The Code of Conduct stipulates the need to endeavor to build relationships of mutual trust with stakeholders and to contribute to society.</p> <p>In addition, the INPEX Group Human Rights Policy comprehensively presents the Company's stance on respect for human rights.</p> <p>Overseas offices and local offices of each project company have established their own codes of conduct, whose content has been adapted as necessary to the laws, customs and other circumstances of the respective countries and regions in which they operate, to the extent that the codes do not conflict with the Code of Conduct of the INPEX Group.</p>
<p>Implementation of Environmental Preservation Activities and CSR Activities, Etc.</p>	<p>The INPEX Group promotes initiatives on sustainability issues, including ESG issues, in line with its Sustainability Principles and Sustainability Material Issues, while also taking into consideration the interests of stakeholders in each country and region where projects are implemented. In addition, it has established and operates the Sustainability Committee, chaired by the Representative Director, President & CEO, for the purpose of promoting these initiatives.</p> <p>The promotion structure and details of specific activities are described in the Sustainability Report and on the Company's website (https://www.sustainability-report.inpex.co.jp/2023/en/).</p> <p>The INPEX Group believes that one of the most important sustainability issues it must give priority to addressing in the course of developing its business worldwide is the protection of the environment in regions where it operates its business and on a global level.</p> <p>Therefore, the INPEX Group has established the Health, Safety and Environmental Policy, which states the basic principles of the INPEX Group's initiatives with respect to HSE (Health, Safety and Environment).</p>
<p>Formulation of Policies, etc. on Information Provision to Stakeholders</p>	<p>The Sustainability Principles stipulate that the Company shall seek to communicate with shareholders, employees, customers, business partners, residents of communities in which it operates, and society at large, while ensuring the proactive and fair disclosure of corporate information. Based on these Principles, the Company discloses and disseminates information in a proactive and timely manner through IR activities for shareholders and investors, general meetings of shareholders, the Company's website, and public relations activities, as part of its efforts to improve management transparency and the accountability of managers. In addition, by providing employees with regularly updated online internal newsletters, the Company is constantly working to enhance the dissemination of information and promote communication between different departments and business sites.</p> <p>With regard to internal systems, internal rules for corporate information disclosure have been established to systematically organize the timely disclosure system, while information management, as well as communication/disclosure processes, etc., have been established for the INPEX Group as a whole to strengthen the information disclosure system. The IR section of the Company's website (https://www.inpex.co.jp/english/ir/policy.html) contains information on the Company's information disclosure policy, etc.</p>

	Supplementary Explanation
Other	<p>INPEX HR VISION</p> <p>For the INPEX Group to sustain responsible management as a global company, we believe that it is important to diversify our workforce and nurture human resources who can share our values globally. To achieve this, our Human Resources department has established the “INPEX HR VISION” as a common vision for human resources departments under the INPEX Group, which comprises four key components and has been formulated in consultation with the heads of human resources departments in each country.</p> <p>We are working to build a highly internationally competitive organization by promoting various human resources policies from a global perspective with these four key components at their core, thereby improving the capabilities of employees and achieving results as a team.</p> <p>Developing the INPEX Values and becoming the “Employer of Choice”</p> <p>The INPEX Group recognizes the importance of putting into practice the INPEX Values, which were established as a set of shared values for all officers and employees of the INPEX Group, so that each and every employee, regardless of age, gender, nationality, etc., can demonstrate his or her own abilities.</p> <p>In addition, we regularly hold psychological safety seminars for officers and employees, as well as open-office hours for the President’s Office and town hall meetings, and stimulate communication through team-building activities, etc., to create an organizational culture that is conducive to innovation and the free and vigorous exchange of opinions, with the aim of becoming the most rewarding company to work for and the “Employer of Choice” on a global level.</p> <p>Strengthening collaboration across the Group</p> <p>For the INPEX Group to achieve sustainable growth in a rapidly changing business environment, we believe it is important for foreign employees, who account for approximately 40% of our workforce, to work together to achieve growth and innovation by leveraging the knowledge and experience they have accumulated to date and integrating their strengths and capabilities. Specifically, we have established an organization in which employees of the Company and its overseas subsidiaries can freely interact when promoting individual projects, and we regularly hold global workshop meetings and technological exchange meetings in various departments as part of our sustained efforts to share knowledge and experience and pursue best practices across the INPEX Group as a whole.</p> <p>At the same time, we support the development of human resources by offering leadership programs and skills-based training tailored to the circumstances of each country. We have also established a head office training program for employees of overseas subsidiaries, etc., with the potential to become future leaders to expand their horizons and foster a sense of unity with the INPEX Group. This program had been suspended due to the COVID-19 pandemic but resumed in 2023, with seven employees from Australia currently working at our head office.</p> <p>Key initiatives focused on transforming INPEX into the most rewarding company to work for</p> <p><Working autonomously></p> <p>In order to motivate employees and ensure the appropriate deployment and appointment of human resources, the Company has introduced a fixed-term system for line management positions, an internal recruitment system, and a scheme to facilitate internal side work. In addition, we have adopted a personnel system in which compensation is determined based on the responsibilities and roles of employees instead of their age or work history.</p> <p><Promotion of diversity></p> <p>(i) The INPEX Group’s Code of Conduct stipulates that we shall not discriminate based on race, gender, sexual orientation, gender identity, age, etc., and we have engaged in the promotion of diversity, equity, and inclusion measures through activities such as the INPEX LGBT Ally program. In recognition of these ongoing efforts, the Company has been awarded Gold or Silver ratings in the PRIDE Index, an evaluation index for efforts aimed at addressing issues related to LGBTQ+ and other sexual minorities in the workplace, since FY2019.</p>

	Supplementary Explanation
Other	<p>(ii) Although women are active in all positions within the INPEX Group, we recognize that the disproportionate representation of women across positions and the low percentage of women in management positions remain an issue. We aim to increase the percentage of women in management positions to 6% by the end of FY2025, which is approximately double the percentage in 2021. To address this issue, we will more proactively recruit women with the potential to rise to management positions as career hires and continue to implement measures to form a female population, such as participating in events aimed at female students when hiring new graduates, in order to ensure the percentage of women among new hires is 30% or more each year.</p> <p>(iii) In addition, we will continue to maintain our policy of appointing the right people to the right positions with the goal of increasing the percentage of foreign nationals and career hires in management positions beyond the current percentage. The percentage of male employees taking childcare leave is over 70%. We will continue to provide support to increase this percentage and facilitate diverse work styles that cater to employees with childcare or nursing care needs through the introduction of work-from-home schemes, flextime systems without core working hours, etc.</p> <p><Health management> The INPEX Group regards the management of the physical and mental health of each employee as a management issue. In September 2018, the Group issued the INPEX Group Health Statement both internally and externally, and we are working to further maintain and improve the health of employees. Specifically, we recognize that having stronger mental health measures is a common issue worldwide, and we are promoting initiatives such as e-learning, cooperation with physicians, and follow-up for returning to work. In addition, we are working on measures to maintain the health of employees suffering from intractable diseases such as cancer by providing them with support for balancing their health with work responsibilities. We are promoting initiatives to further maintain and promote good health and create workplaces that meet the needs of well-being across the INPEX Group, while taking into account the culture, customs and other circumstances of each country and Group company. The Company has established the Health Management Committee to strategically promote health management across the Company as a whole. As a result of these efforts, we have been recognized as a Health & Productivity Stock for four consecutive years from 2020 to 2023, and as a White 500 organization in the large enterprise category of the Certified Health & Productivity Management Outstanding Organizations Recognition Program for five consecutive years from 2019 to 2023.</p> <p><Safety> The INPEX Group places great emphasis on safety, as stable production operations that prioritize safety above all else are the cornerstone of sustainable growth for the Company given the nature of its business. We are working to create safe workplaces under the motto of “going home every day with a smile,” with the “Safety Number One” mindset having gained traction at our overseas business sites as well. To realize “Safety Number One,” one of the INPEX Values, the management team personally visits the sites of the INPEX Group’s operations in Japan and overseas to gain a firsthand understanding of the risks involved in on-site operations, and to directly communicate the importance of HSE to the site. These HSE management site visits that are conducted on an ongoing basis are an opportunity for each employee working at the site of operations to recognize the importance of safety. Through these activities, we will foster a culture of safety and strive to further prevent occupational injury throughout the Company while working toward achieving stable, incident-free operations.</p>

IV. Matters Concerning Internal Control System

1. Basic Views on Internal Control System and Status of Development

[Resolutions of the Company regarding the Development of the Systems for Ensuring Proper Operations (Internal Control Systems)]

The following is a summary of the resolutions of the Company, regarding the “Development of the Systems for Ensuring the Proper Operations as a Stock Company (Internal Control Systems).” This summary reflects a partial revision made by a resolution of the Board of Directors meeting.

(1) Systems to Ensure that Directors and Employees of the Company Execute their Duties in Compliance with Laws and Regulations and the Articles of Incorporation

To ensure that Directors and employees of the Company execute their duties in compliance with applicable laws and regulations and the Articles of Incorporation, the Company shall develop a Sustainability Principles and Business Principles and establish a system to ensure complete compliance.

The Company shall establish a Compliance Committee consisting of the Director in charge of compliance, the Senior Vice Presidents of the standing organizational units, etc., to deliberate basic policies or other important matters related to compliance. By monitoring the implementation of such policies and ensuring thorough dissemination through in-house training, etc., the Company ensures that its Directors and employees comply with laws and regulations and the Articles of Incorporation in the execution of their duties. Furthermore, the Company shall establish an internal whistle-blowing system with a department in charge and external experts (lawyers), etc. as providers of consultation services. In order to ensure effective compliance systems and relevant internal rules, the Company shall also verify and evaluate such systems and make the necessary improvements through audits, etc., carried out by the internal audit division, which reports directly to the President & CEO and other related in-house departments or external experts. Based on the internal audit regulations, the internal audit division, which reports directly to the President & CEO, shall prepare an internal audit plan for each fiscal year, and regularly report this plan and the results of internal audits to the Board of Directors, full-time Audit & Supervisory Board Members and the Audit & Supervisory Board.

Furthermore, the Company shall develop a system to ensure the accuracy and reliability of financial reporting, and employ such system properly while evaluating its effectiveness.

(2) Systems for the Storage and Management of Information Related to the Execution of Duties by Directors of the Company

In accordance with applicable laws and regulations, the Articles of Incorporation and internal rules, among others, the Directors shall develop a system for information security administration, and appropriately store and manage documents and other information related to the execution of their duties.

(3) Rules and Other Systems for Risk Management of the Company

To manage diverse risks related to the Group’s business activities, Directors shall cooperate closely with the related departments to identify, analyze and evaluate such risks, and manage them in accordance with internal rules and guidelines, etc.

Furthermore, the functioning and other aspects of the risk management related to daily operations shall be verified and evaluated through audits, etc., carried out by the internal audit division, under the direct control of the President & CEO of the Company and other related in-house departments or an external expert, and continually reviewed in response to changes in the business environment.

(4) Systems to Ensure the Efficient Execution of Duties by Directors of the Company

In order to ensure that the systems to execute Directors’ duties efficiently are in place, the Directors shall manage business operations with particular attention to the following:

- 1) With regard to certain major corporate decisions, an Executive Committee meeting attended by full-time Directors, Managing Executive Officers, etc. shall be held weekly and as necessary to ensure that the duties are executed promptly and properly.
- 2) With regard to the execution of daily duties, the authority of the President & CEO shall be delegated in accordance with the Board of Directors’ Regulations and other internal regulations, and the persons in charge at each level shall execute their duties promptly.

Furthermore, the Board of Directors shall formulate long-term management strategies and medium-term management plans, and receive progress reports on the plans and targets.

The Company has adopted a division system and assigns Directors as a head of each division in order to achieve efficient management of business operations and establish a responsibility structure. Each division shall implement initiatives, which are important milestones of the business environment, while taking into account important risks and their countermeasures, so as to realize goals in the management plan and other targets. The Executive Committee shall receive progress reports on the plans and targets.

(5) Systems to Ensure the Proper Operations of the Group

- 1) **Systems for Reporting the Company Matters Related to the Execution of Duties by Directors or Other Equivalent Managerial Staff (hereinafter “Directors, etc.”) of the Company’s Subsidiaries**
In accordance with the internal rules on group management, the Company shall enter into agreements regarding group management with its subsidiaries, under which the Company requires that important matters of each subsidiary shall be reported to and approved by the Company.
- 2) **Rules and Other Systems for Risk Management of the Company’s Subsidiaries**
For risk management of the subsidiaries of the Company, in accordance with the internal rules on group management, the Company shall conduct group-wide risk management via mutual cooperation with each subsidiary. Furthermore, the Company shall require its subsidiaries to cooperate in audits, etc., carried out by the internal audit division, under the direct control of the President & CEO of the Company and other related in-house departments or an external expert to verify and evaluate the management of risks related to the daily operations of the subsidiaries. Based on the results of such verification and evaluation, the Company shall have its subsidiaries conduct continuous review of their risk management in response to changes in the business environment.
- 3) **Systems to Ensure the Efficient Execution of Duties by Directors, etc., of the Company’s Subsidiaries**
To ensure the efficient execution of duties by Directors, etc., of the Company’s subsidiaries, long-term management strategies and medium-term management plans shall be shared among all the Group companies. Under the vision, the Company shall have its subsidiaries manage human resources and monetary resources efficiently and manage business operations in accordance with the Company’s internal rules, etc., with particular attention to the following:
 - i) Important matters of a subsidiary of the Company shall be determined by resolution of the Board of Directors meetings of the subsidiary or by consultation among the Directors of the subsidiary.
 - ii) Authority for the execution of daily duties by the Company’s subsidiaries shall be delegated based on regulations stipulating the administrative authority of subsidiaries, and the persons in charge at each level shall execute their duties promptly.
- 4) **Systems to Ensure that Directors, etc., and Employees of the Company’s Subsidiaries Execute their Duties in Compliance with Laws and Regulations and the Articles of Incorporation**
The Company shall establish a compliance system (including an internal whistle-blowing system) that is applied to the entire Group, and this system shall be widely deployed and disseminated to all directors, auditors and other equivalent managerial staff, as well as to employees of the Company’s subsidiaries.
In cooperation with its subsidiaries, the Company shall conduct audits, etc., of the subsidiaries, carried out by the internal audit division, under the direct control of the President & CEO of the Company and by other related in-house departments or an external expert.
The Company shall strive to establish a system to ensure that Directors, etc., and employees of the subsidiaries execute their duties in compliance with laws and regulations and the Articles of Incorporation, and enter into agreements regarding group management with its subsidiaries in accordance with the internal rules on group management.

(6) Matters Regarding Employees Who Assist the Audit & Supervisory Board Members of the Company with Auditing Duties in Cases Where the Audit & Supervisory Board Member of the Company Requests the Assignment of Such Employees, Matters Regarding the Independence of Such Employees from Directors of the Company and Matters Related to Ensure the Effectiveness of Instructions Given to Such Employees

The Company has set up the Audit & Supervisory Board Members’ Office as an independent organization from the business execution departments and shall deploy dedicated employees to assist the Audit & Supervisory Board Members with auditing duties in order to enhance the effectiveness of audits by Audit & Supervisory Board Members. The employees who assist the Audit & Supervisory Board Members’ duties shall follow instructions from the Audit & Supervisory Board Members. Performance appraisals, personnel changes and disciplinary action against such employees assisting the Audit & Supervisory Board Members shall require approval of the full-time Audit & Supervisory Board Members beforehand.

(7) Systems for Reporting to the Audit & Supervisory Board Members of the Company

The Directors and employees of the Company, directors, auditors or other equivalent managerial staff, as well as employees of the Company's subsidiaries, or persons who receive a report from them, shall report and provide information to the Audit & Supervisory Board Members of the Company as to the matters provided by laws and regulations, matters that might have a significant impact on the Company and its Group companies, and other matters that an Audit & Supervisory Board Member of the Company has determined to be reported to execute his/her duties. Also, the Audit & Supervisory Board Members of the Company shall always be able to obtain business information whenever needed by attending the Board of Directors' meetings and other important meetings, or by receiving internal approval documents, etc.

Regarding the internal whistle-blowing system of the Group, the Director in charge of compliance shall report to the Company's full-time Audit & Supervisory Board Members swiftly as to the content internally reported by Group company directors, auditors, other equivalent managerial staff, employees, and former employees within one year of leaving employment.

(8) Systems to Ensure that Reporters in the Preceding Section Will Not Receive Detrimental Treatment on the Grounds of the Whistle-Blowing

The Company shall prohibit detrimental treatment against directors, auditors, or other equivalent managerial staff, and employees of the Group companies who reported to the Company's Audit & Supervisory Board Members. And this position shall be disseminated throughout the Group.

Regarding the internal whistle-blowing system of the Group, in case detrimental treatment against a whistle-blower is recognized, a disciplinary action will be taken against the person who treated the reporter in such a way and the head of the department to which the person belongs, pursuant to Rules of Employment, etc.

(9) Matters Related to Policies Concerning the Treatment of Expenses or Liabilities Incurred by the Execution of Duties by the Company's Audit & Supervisory Board Members such as Procedures for Prepayments or the Redemption of Such Expenses

In case the Company's Audit & Supervisory Board Members request prepayment or redemption of expenses for their execution of duties, etc., based on Article 388 of the Companies Act, the Company shall swiftly process such expenses or liabilities except in the case such expenses or liabilities are proven to be unnecessary for the execution of duties by such Auditors.

(10) Other Systems to Ensure Effective Audits by the Audit & Supervisory Board Members of the Company

The Representative Directors of the Company shall meet regularly with the Audit & Supervisory Board Members of the Company, provide information as necessary and strive to communicate with them. At the same time, the Company shall secure opportunities for Audit & Supervisory Board Members and Outside Directors to meet regularly, and strive to enhance their mutual cooperation and information sharing.

The Company shall also improve the effectiveness of audits by establishing a system, etc., whereby the Audit & Supervisory Board Members can cooperate with the internal audit division and receive reports regularly. Furthermore, to conduct audits by the Audit & Supervisory Board Members, the Company shall ensure close cooperation between the Audit & Supervisory Board Members and external experts such as lawyers, certified public accountants and certified tax accountants, among others.

2. Basic Views on Eliminating Anti-Social Forces and Status of Development

The INPEX Group takes a firm stance on eliminating any relationship with anti-social forces that threaten the order and safety of civil society. At the same time, the Company endeavors to collect information from relevant government agencies, industry associations and local companies on a regular basis, and in the event that it receives unreasonable demands from anti-social forces, the Company shall respond in a resolute manner while coordinating closely with the police, other relevant authorities, and legal experts.

1. Adoption of Anti-Takeover Measures

Adoption of Anti-Takeover Measures	Not Adopted
------------------------------------	-------------

Supplementary Explanation for Applicable Items

The Company's Articles of Incorporation stipulate that decisions on certain important management-related matters require the resolution of a general meeting of Class A stock shareholders ("Class A stock shareholders' meeting"), in addition to the resolution of a general meeting of shareholders or that of the Board of Directors. For details on Class A stock, see "Other Special Circumstances Which May Have a Material Impact on Corporate Governance" above.

2. Other Matters Concerning Corporate Governance System

[Overview of the Timely Disclosure System]

The Company discloses information in a timely, appropriate, and fair manner through press releases and other public relations activities as well as on its website, and seeks to promote a better understanding of the INPEX Group through engagement with shareholders and investors as well as through general meetings of shareholders, as part of its efforts to improve management transparency and the accountability of managers.

1. Internal systems

The Company has designated the Senior Vice President, Corporate Strategy & Planning, as the Corporate Information Handling Officer responsible for the timely disclosure of corporate information. In addition, the Company has established the Corporate Communications Unit as the department in charge of practical matters related to the timely disclosure of corporate information.

In addition, internal rules for corporate information disclosure have been established to systematically organize the timely disclosure system, while information management/collection, disclosure processes, as well as disclosure methods, etc., have been established for the INPEX Group as a whole to strengthen the information disclosure system.

2. Procedures for timely disclosure

The Company's procedures for the disclosure of information subject to timely disclosure are as follows.

- (1) The internal rules for corporate information disclosure stipulate that in the event that officers and persons in charge of all departments, including those at Group companies, become aware of important corporate information, material information, or any other information that may constitute such information, they are required to report it immediately to the Corporate Information Handling Officer via the person in charge of the Corporate Communications Unit.
- (2) To complement the above process, the person in charge of the Corporate Communications Unit attends meetings of the Executive Committee to gather important corporate information and material information. For Group companies, matters that require the Company's prior approval and matters that are required to be reported on a case-by-case basis are stipulated in the internal rules on group management.
- (3) The Senior Vice President, Corporate Strategy & Planning, who is the Corporate Information Handling Officer, and the Corporate Communications Unit collect information subject to disclosure (decisions, incidents, financial information, etc.) in a comprehensive manner and carry out the disclosure in accordance with the internal rules on administrative authority and under the direction of the Senior Vice President, Corporate Strategy & Planning, following a resolution by the Board of Directors in the case of the disclosure of matters resolved by the Board of Directors, or a resolution by the Executive Committee in the case of other matters. Disclosure of information that requires urgent disclosure, such as information related to the occurrence of incidents, shall be made with the approval of the President.
- (4) The Company strives to comprehensively control all important corporate information and material information and to prevent insider trading in accordance with the internal rules against insider trading.

3. System for monitoring timely disclosure

The Audit Unit, which reports directly to the President, monitors the state of development and operation of the timely disclosure system through internal audits and assessments based on the internal control reporting system.

[Compliance]

The Company has systematically established a compliance system that is indispensable for its sustainable development and strives to ensure compliance with laws and regulations and corporate ethics. Specifically, the Company has established the Compliance Committee, which deliberates on basic policies and plans pertaining to compliance as well as important matters, and manages the implementation status of compliance activities, in order to promote consistent compliance efforts across the entire INPEX Group. In addition, in line with the Sustainability Principles, the Company has established the Business Principles that must be observed by all officers and employees without exception in the performance of their duties, as well as the Code of Conduct for implementing these Principles. The Company is also working to expand and strengthen compliance activities throughout the workplace as a whole by holding semi-annual meetings between compliance promotion personnel assigned to each department and the department in charge of compliance.

A system has been established in which the Director in charge of compliance and the Compliance Committee promptly consider and implement the necessary countermeasures in the event of serious compliance-related incidents. The Director in charge of

compliance and the Compliance Committee cooperate with the Audit & Supervisory Board and its Members, the accounting auditor, and the internal audit department (Audit Unit), as well as with the equivalent bodies and departments at subsidiaries, etc., to (1) develop and implement compliance-related measures, (2) monitor the status of implementation of these measures, (3) raise awareness of compliance, (4) receive reports on compliance violations and conduct investigations, (5) issue warnings and take other action against violations, and (6) formulate measures to prevent the recurrence of violations.

In addition, the Company has established an internal whistle-blowing system that is accessible throughout the entire INPEX Group, and regularly conducts internal compliance training by business theme and by job level. Furthermore, our overseas offices have established and implement their own codes of conduct in line with the laws, regulations and culture of the respective countries in which they operate, as part of efforts to strengthen our compliance system worldwide.

[HSE Management System]

The INPEX Group strives to continuously improve its occupational health and safety, process safety, and environmental conservation efforts under its HSE Management System, which encompasses health, safety, and environmental initiatives that were developed with reference to ISO 9001, ISO 14001, ISO 45001, and the guidelines of the International Association of Oil & Gas Producers (IOGP).

This system comprises documents such as the Health, Safety and Environmental Policy, the HSE Management System Regulations, and various other standards and guidelines, and it is operated and managed by the Corporate HSE Committee and departments in charge of HSE.

[Information Security Measures]

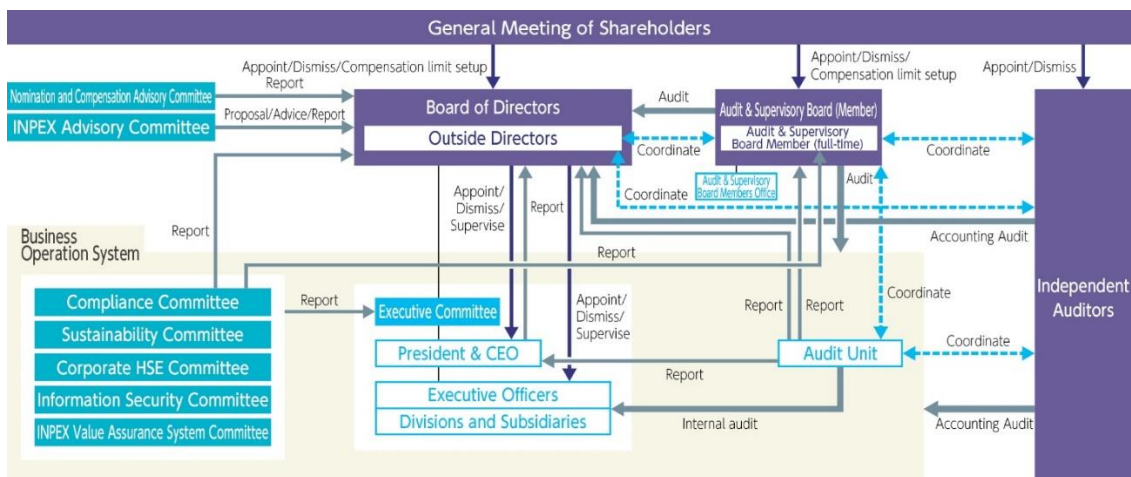

The INPEX Group has established the Information Security Policy to maintain the confidentiality, integrity and availability of its information. Furthermore, under the supervision of the Information Security Committee, which has been established as a company-wide body, the INPEX Group has developed related rules and management systems and systematically adopted the necessary systems-based, physical, and personnel-related measures to protect its information assets.

As part of efforts to prevent the leakage of information from inside the Company, we have not only adopted systems-based measures but have also been conducting activities aimed at raising awareness of information security within the Company and instilling a corporate culture based on the value and mindset of handling information assets appropriately. In addition to systems-based measures aimed at the detection and prevention of external attacks, a 24/7 monitoring system has been established to ensure prompt action and rectification in the event of incidents, while a Computer Security Incident Response Team (CSIRT) has been set up and operated as a response organization.

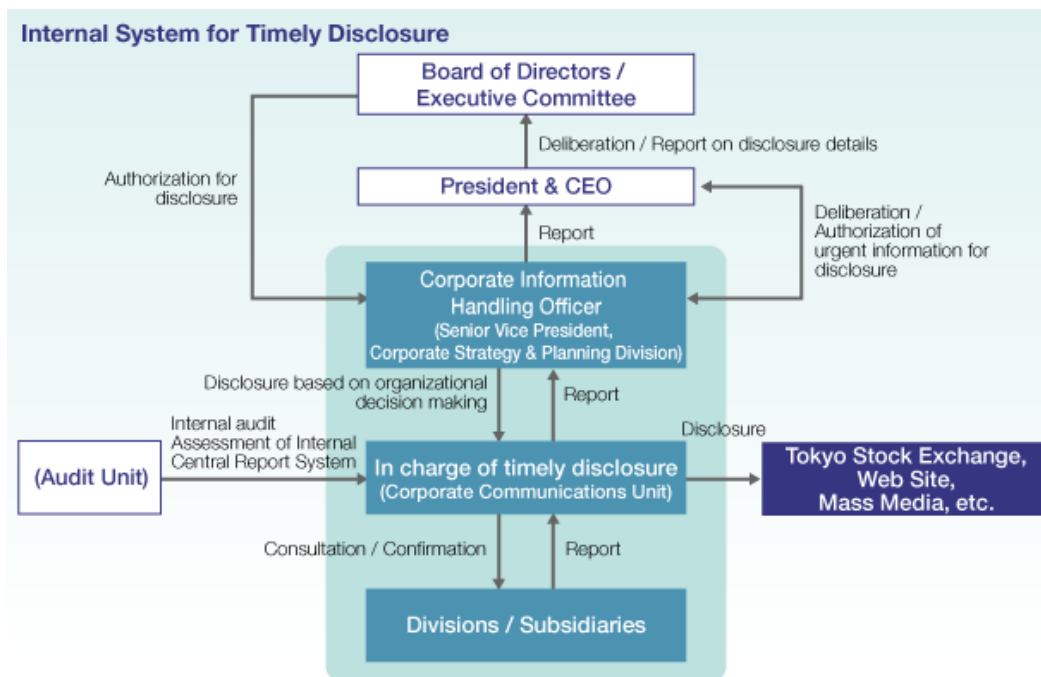

In order to fulfill its corporate social responsibilities, the Company will strengthen its corporate governance and promote rigorous compliance while strengthening coordination within the INPEX Group, thereby enhancing the INPEX Group's overall capabilities.
