INPEX Formulates INPEX Vision 2035 - Realizing a Responsible Energy Transition -

TOKYO, JAPAN - [INPEX CORPORATION](#) (INPEX) announced today that it has formulated “INPEX Vision 2035 - Realizing a ‘Responsible Energy Transition.’”

INPEX Vision 2035 outlines INPEX’s long-term strategy toward 2035, considering the latest shifts in the global energy landscape as well as the company’s business environment. The vision also consists of a mid-term business plan that presents specific goals and a clear roadmap for the three-year period between 2025 and 2027.

INPEX’s mission is to continue sustaining a stable supply of energy primarily through oil and natural gas, while making tangible contributions toward the decarbonization of society. In alignment with this vision, the company will respond to the energy demands of Japan and countries around the world while actively contributing to the transformation of the global energy landscape supporting the transition to net zero by 2050.

For details on INPEX Vision 2035 - Realizing a “Responsible Energy Transition,” please refer to the company’s website.
